

DOOR SCREENS COLOURS

All our doors come in a wide selection of colours to suit your taste and style of house.

COLOURS

All our doors come in a wide selection of colours to suit your taste and style of house.

STANDARD COLOURS

Choose from any of our standard colours below for your Aluminium Frame door – this includes any Flyscreen, Diamond Grille, Decorative Aluminium or Contemporary Door (including INVISI-GARD). Our technicians carry samples of our standard colours to all measure & quotes so you can see the finished product and choose the best colour for you.

POWDER COAT COLOURS

High quality thermostatically applied dry powder paint applied to create a smooth hard finish that is tougher than regular paint. Highly resistant to chipping.

IMPORTANT NOTE: Printed or on-screen representations of colours are very difficult to replicate exactly. Our technicians carry samples of our standard colours on actual metal samples to all measure & quotes so you can see the finished product and choose the best colour for you.

ANODISED FINISH

Like powder coating, anodizing is a process that makes the surface corrosion and wear-resistant. These 2 colours are also available as standard colours on our Aluminium framed doors.

SPECIAL COLOURS

A selection of the next most popular colours, the 9 special colours are available for a small extra charge. On any Steel Security Door special colours are included without any extra cost.

CUSTOM COLOURS

We can custom make with any colour in the **Dulux Powder Coat Range** (www.duluxpowders.com.au) or **Interpon Powder Coat Range** (www.interpon.com.au). These are powder coated to order locally by our specialist sub-contracting metal finishers and incur an additional charge and approximately 10 days additional manufacturing time.

Custom paint colour matching service available

IMPORTANT NOTE: Printed or on-screen representations of colours are very difficult to replicate exactly. Our technicians carry samples of our standard colours on actual metal samples to all measure & quotes so you can see the finished product and choose the best colour for you.
